

## ARTURA

## Introduction

Everything we've ever learned has been poured into Artura, from super-light engineering and intoxicating power, to electrification and race-bred agility. It is the purest distillation of our expertise. Undiluted innovation. The full force of McLaren.

From its new McLaren Carbon Fibre Lightweight Architecture (MCLA). To the jaw-dropping all-new twin turbocharged V6 engine. And, of course, the stunning, aerodynamically perfected body. This is truly a clean sheet design.

The lightest car in its class, Artura delivers a driving experience of thrilling intensity. And it's an experience you can enjoy every day.

The next-generation hybrid supercar is here.
