MECHANICAL			

- 6.2L V8 engine
 - 420 hp¹ @5600 rpm
 - 460 lb ft of torque @ 4100 rpm
 - With Dynamic Fuel Management, Direct Injection and Variable Valve Timing
- ¹ With premium gasoline.
- 10-speed automatic transmission
 - Electronically controlled with overdrive, tow/haul mode and tap up/tap down shifting
- GVWR, 7700 lbs. (3493 kg) (2WD models included and only available with (LM2) 3.0L Turbo Diesel engine. Standard on 4WD models.)
- 3.23 rear axle ratio
- High-capacity air cleaner
 - Thick construction helps to trap more dirt before it can enter the air intake
- Engine air filtration monitor
- Automatic Stop/Start
 - At complete stops, when drivers keep their foot on the brake pedal, and under certain conditions, the engine shuts off
 - When drivers remove their foot from the brake, the engine automatically restarts
 - Vehicles built between October, 2021 and December 12, 2021 with a V8 engine, are not equipped with Automatic Stop/Start and its content. Contact a dealer for details on a specific vehicle
 - Beginning with production starting December 13, 2021 with a V8 engine, Automatic Stop/Start will be forced on as standard content. Contact a dealer for details on a specific vehicle
 - Vehicles not equipped with Automatic Stop/Start will be less fuel efficient
- Automatic Stop/Start disable button
 - Vehicles built between October, 2021 and December 12, 2021 with a V8 engine, are not equipped with Automatic Stop/Start, the disable button and its content. Contact a dealer for details on a specific vehicle
 - Beginning with production starting December 13, 2021 with a V8 engine, Automatic Stop/Start and the disable button will be forced on as standard content. Contact a dealer for details on a specific vehicle
 - Vehicles not equipped with Automatic Stop/Start will be less fuel efficient
 - Driver-selectable features disables Automatic Stop/Start functionality for the remainder of the engine cycle
- Electronic Transmission Shift
 - Technologically advanced feature that allows customers to use a console-mounted lever to shift gears electronically
- Tow/haul mode selector
- Single-speed transfer case

- Driver-selectable single-speed transfer case on 4WD models
- When in AUTO mode, remains in 2WD mode until the system detects wheel slippage
- Automatically engages 4WD until traction is regained
- Allows driver shift-on-the-fly capability from 2WD to 4WD at any speed with push-button controls
- Does not include neutral and vehicle cannot be dinghy towed
- Electronic Limited-Slip Differential (eLSD)
 - Reacts to vehicle conditions in milliseconds to optimize traction, stability, and maneuverability
 - Improves both traction on lower traction surfaces like snow covered roads, mud and gravel, and improves handling and stability on higher traction surfaces like dry asphalt and concrete
 - May require additional optional equipment
- Four wheel drive
- External engine oil cooler
 - Heavy-duty air-to-oil cooler
 - Helps the engine generate peak performance efficiently
 - Helps prevent possible engine oil breakdown during high-performance driving or under loads
- External engine oil cooler
 - Heavy-duty air-to-oil cooler
 - Helps the transmission generate peak performance efficiently
 - Helps prevent possible transmission oil breakdown during high-performance driving or under loads
- Integrated trailer brake controller
 - Helps provide measured brake force signaling to electric-controlled trailer brake systems
 - May require additional optional equipment
- Heavy-duty trailering equipment
 - Trailering hitch platform
 - 7-wire harness with independent fused trailering circuits
 - 7-way sealed connector
 - When properly equipped, 2WD can tow up to 8100 lbs. and 4WD up to 7900 lbs.¹ with standard 6.2L V8 engine
 - When properly equipped, 2WD can tow up to 7900 lbs. and 4WD up to 7700 lbs.¹ with available 3.0L Turbo diesel engine

¹ Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow.

- Hitch Guidance
 - Uses the Rear Vision Camera display to provide you with a guideline to help align your vehicle with a trailer¹
 - Provides a camera view to briefly check the trailer when driving

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- Hitch Guidance with Hitch View
 - Displays a guideline on the Rear Vision Camera view when you're in Reverse to help line up your hitch to your trailer and offers a close-up Hitch View¹
 - When driving, Hitch Guidance with Hitch View allows you to briefly check your trailer connection using the Rear Vision Camera view
 - When Hitch View is in use, automatically applies electric parking brake when shifting to Park
 - May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- Smart Trailer Integration Indicator
 - Monitor and control a range of smart trailering features
- Adaptive Air Ride suspension
 - Electronically-controlled air springs to smooth out the ride (especially side-to-side movements) across a wide variety of driving situations, from low-speed off-road maneuvering to highway cruising
 - May require additional optional equipment
- Magnetic Ride Control
 - Computer controlled suspension that enables the vehicle to deliver superior road-holding performance while simultaneously delivering smoother ride composure
- Electric Power Steering
 - Electric, rack-mounted with variable assist
- Automatic Vehicle Hold
 - Driver-selectable feature designed to help reduce fatigue during stop-and-go driving
 - Allows you to bring the vehicle to a stop and remove your foot from the brake while the feature holds the vehicle in place
- Brake lining wear indicator
- DuraLife[®] brake rotors

- Can provide enhanced resistance to corrosion to help increase rotor life, minimize brake pulsation, and improve aesthetic appearance
- 4-wheel antilock disc brakes
 - Help reduce wheel lockup and maintain steering control during hard braking on most slippery surfaces
- Hill Start Assist
 - When you are stopped on an incline, this feature keeps the brakes engaged for a split second as you transition from brake pedal to gas pedal
 - Automatically releases once you press down on the accelerator
 - Prevent vehicle roll-back while the driver moves his/her foot from the brake to the accelerator pedal
- Electronic parking brake
 - Takes the place of the manual foot actuated parking brake
 - Activated by the simple touch of a switch and can be operated even when the ignition is turned off
- Locking fuel door
 - Automatically locks when the doors are locked preventing unauthorized access to vehicle's fuel tank (or prevent tampering)
- Capless Fuel Fill
 - Prevents paint scratches that can result from a tethered fuel cap
- Dual-outlet exhaust with bright tips
 - Integrated into fascia

INTERIOR

- OLED Infotainment experience with navigation
 - 16.9" diagonal OLED color information display (displays and controls navigation¹, music and all features/functions of the vehicle)
 - Wireless Apple CarPlay™² capability for compatible phones
 - Wireless Android Auto™³ capability for compatible phones
 - Connected Apps
 - Teen Driver

¹ Map coverage available in the United States, Puerto Rico and Canada.

- **SiriusXM[®] with 360L 6-month Trial Subscription**
 - Enjoy a 6-month Platinum Trial Subscription and enjoy the full SiriusXM with 360L experience¹
 - This vehicle is equipped with SiriusXM with 360L. This advanced in-car technology will guide you to the most SiriusXM channels, shows and exclusive content for a ride that's uniquely you, with personalization features to make discovering your perfect soundtrack easier than ever before
 - For the full SiriusXM with 360L experience, a Platinum Plan is required. If you subscribe to a lower package, certain features of 360L will not be available
 - With the Platinum Plan you can listen when outside of your vehicle on the SXM App
 - Some features, including streaming content and listening recommendations require GM connected vehicle services

¹ If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement at www.siriusxm.com (<http://www.siriusxm.com>) for complete terms and how to cancel. All fees, content, features, and availability are subject to change. ©2021 Sirius XM Radio Inc. SiriusXM, Automatic, Pandora and all related logos are trademarks of SiriusXM Radio Inc. and its respective subsidiaries.

- **HD Radio**
 - Provides consumers with additional channels known as HD2, HD3 and HD4
 - Transmits Program Service Data, such as song titles and artist information
- **AKG[™] Studio Reference 36-speaker audio system**
 - Includes 3 amplifiers with front and rear subwoofers
 - 3D Surround, elevated with speakers in the headliner and head restraints and new digital processing
 - Front passenger volume control allows the front passenger to adjust the audio system volume independently for their seat
 - Navigation Rendering, prompts come from left speakers when the turn direction is "left," and from the right speakers when the prompt is "right" and the prompt volume increases the closer you are to the turn making following directions easier for the driver
 - Conversation Enhancement makes conversation between rows easier by projecting first row voices to the rear and rear voices to the first row
- **Rear Seat Entertainment system**
 - Dual independent rear seat-mounted 12.6" diagonal color-touch LCD HD screens
 - 2 HDMI and 2 USB Type C (charge-only) ports¹ on the back of the center console

- Two 2-channel Bluetooth^{®2} headphones

¹ Not compatible with all devices.

² Go to my.cadillac.com/learnAbout/bluetooth (<http://my.chevrolet.com/learnAbout/bluetooth>) to find out which phones are compatible with the vehicle.

- Bluetooth headphones by AKG[™]

- Up-level headphones with Cadillac and AKG branding
- Automotive grade headphones that pair nicely with the AKG infotainment system
- May require additional optional equipment

- Bluetooth[®]

- Pair your compatible mobile phone to your vehicle's infotainment system¹
- Place and receive hands-free phone calls
- With streaming audio capability, you can listen to content/streaming music services through your phone or Bluetooth digital media device

¹ Go to [my.cadillac.com/learnAbout/bluetooth](https://my.cadillac.com/how-to-support/entertainment-connections/bluetooth-smartphones-wifi/bluetooth) (<https://my.cadillac.com/how-to-support/entertainment-connections/bluetooth-smartphones-wifi/bluetooth>) to find out which phones are compatible with the vehicle.

- Wi-Fi[®] hotspot capable

- Terms and limitations apply. See onstar.com (<http://onstar.com>) or dealer for details.

- Wireless Apple CarPlay/Wireless Android Auto capability for compatible phones

- Can use Apple CarPlay¹ and Android Auto² wirelessly

¹ Apple CarPlay vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks for Apple Inc, registered in the U.S. and other countries.

² Android Auto vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and a compatible Android smartphone. Data plan rates apply. You can check which smartphones are compatible at [g.co/androidauto/requirements](https://support.google.com/androidauto/answer/6348019?hl=en&ref_topic=6106969) (https://support.google.com/androidauto/answer/6348019?hl=en&ref_topic=6106969). - Cadillac OLED Display

- Includes 7.2" diagonal Control Panel, 14.2" diagonal Cluster Display and 16.9" diagonal Infotainment Screen
- Displays and controls navigation, music and all features and functions of the vehicle

- Front bucket seats

- Luxury, Premium Luxury and Sport models include 12-way power driver and front passenger adjustments
- Platinum models includes Semi-Aniline leather and 16-way power driver and front passenger adjustments with massage

- Power-release second row bucket seats

- Include a power release that lets you conveniently fold and tumble the seats at the press of a button
- Press the power release button or pull up on the rear seat lever once to fold the seats flat
- Press the power release button or pull up on the rear seat lever a second time to tumble forward to allow ease of entry to the third row
- May substitute second row 60/40 split-folding bench seats
- Seat trim, Leather
- Heated driver and front passenger seats
 - At the touch of a button you can warm the seat cushion and seatback
 - Provide comfort in cold weather for passengers in the front row
 - Separate buttons on the doors allows driver and front passenger to individually choose from 3 levels of warmth
- Heated and ventilated driver and front passenger seats
 - Keep cool in summer and warm in winter with these heated and ventilated seat cushions and seatbacks
 - Separate buttons on the doors allow the driver and front passenger to choose from 3 levels of warmth or cool
- Heated second row outboard seats
 - At the touch of a button you can warm the cushions
 - Provide comfort in cold weather for passengers in the second row outboard seating positions
 - Separate buttons on the rear of the front console allows rear passengers to individually choose from 3 levels of warmth
- 8-way power driver and front passenger seat adjusters
- Seat adjuster, front passenger 8-way power
- 12-way power driver and front passenger seats
 - Beginning with production starting on November 1, 2021, vehicles will be equipped with 2-way driver and front passenger power lumbar, instead of 4-way driver and front passenger power lumbar. See dealer for details
 - Includes 8-way power driver and front passenger seats
 - Platinum models will retain 4-way power driver and front passenger lumbar control
- Seat adjuster, front passenger 4-way power lumbar
- Power driver and front passenger lumbar massage
 - Helps you stay comfortable and energized, especially during long drives
 - Select from one of the following modes: Roll, Knead, Wave, Relief and Glide
- Seat, front passenger power lumbar massage
- Memory settings

- Save preferences for up to two drivers for the driver seat adjuster, outside mirrors and steering column
- Save preferences for one exit position for the driver seat, outside mirrors and steering column
- Power 60/40 split-folding third row bench seat
 - Power feature allows the seat to be conveniently folded or raised up from a folded position
 - Split-folding feature allows each side to fold flat independently
- Rear Seat Reminder
 - Helps to remind the driver to check the back seat(s) before leaving the vehicle¹
 - Activates when rear doors are opened and closed up to 10 minutes before or anytime while your vehicle is on
 - Under certain conditions, once the vehicle is switched off, designed to sound 5 audible chimes and display a visual message within the Driver Information Center
 - Activates only once each time the vehicle is turned on and off, and would require re-activation on a second trip

¹ Does not detect people or items. Always check rear seat before exiting.

- Front center console
 - Covered storage
 - Dual cupholders
 - Large and small storage bins
 - Electronic climate controls and second row heated seat controls
 - Auxiliary power outlet
 - USB A/C port¹
 - 110-volt outlet

¹ Not compatible with all devices.

- Carpeted floor covering
 - Color-keyed
- Carpeted floor mats
 - Removable color-keyed floor mats for first and second rows
- Illuminating sill plates
 - Front and rear
 - Provide a luxurious lit door sill and additional light to help you or your passengers enter and exit the vehicle at night
 - May require additional optional equipment
- Power tilt and telescoping steering column
 - Allows the driver to adjust the steering wheel up or down, and the steering column forward or back

- Use the driver memory to save and recall memory settings
- When saved in the Easy Exit memory, provides extra comfort when entering or exiting the vehicle
- Heated steering wheel
 - Based on the vehicle's interior temperature, the automatic heated steering wheel will turn on when the automatic front heated seat is on
 - Can turn on/off manually by pressing the button on the steering wheel
- Steering-wheel mounted controls
 - Allows the driver to easily operate the audio, phone, cruise control, Conversation Enhancement, gap distance and heated steering wheel
- Augmented Reality
 - Live image of what is in front of the vehicle displayed on the 14.2" diagonal Cluster Display
 - When a navigational route is active, the system will overlay directional information on the live image being displayed
- Head-Up Display
 - Projects vehicle information onto the windshield low in the driver's line of sight to help you keep your eyes on the road
 - Full-color
 - Includes Speed, Audio, Phone and Navigation information
- Power windows with driver express-up/down and front and rear passenger express-down
 - Quickly raises the window or lowers it with the touch of a button
 - Auto express down via key fob, selected in settings by holding key fob door lock button for 4 seconds
 - Auto express up via key fob, selected in settings by holding key fob door lock button for 4 seconds
 - If obstruction is detected, the anti-pinch feature will auto-reverse
 - Lockout feature for the rear window controls can be activated by a button on the driver door
- Door locks and latch shields
 - Helps prevent vehicle theft and tampering
- Soft-close doors
 - Front and rear
- Power door locks
 - Programmable
 - Lockout protection helps you avoid locking your key fob in the vehicle
- Keyless Open
 - With the key fob in your possession, locks and unlocks your vehicle's doors without having to use the key fob, increasing convenience

- Lockout protection helps you avoid locking keys in the vehicle
- Keyless Start
 - Uses an integrated key fob sensor instead of a traditional key
 - Keep your keys in your purse or pocket to start your vehicle
 - With the vehicle in Park or Neutral, press the brake pedal and then press the engine start/stop button to start the engine; the green indicator on the button will illuminate
 - Shift to Park and press the engine start/stop button to turn off the engine
- Remote Start
 - Start your vehicle remotely and step into a comfortably warmed or cooled vehicle, depending on the weather and your preset preferences
- Universal Home Remote
 - 3-channel programmable
 - Conveniently activate compatible devices such as garage door openers, security systems, and home automation devices from inside your vehicle
- Adaptive Cruise Control
 - Can automatically maintain a driver-selected gap time from the detected vehicle you're following while you steer¹
 - This feature reduces the need to frequently brake and accelerate when you're driving
- ¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- Content theft-deterrent system
 - Additional shielded, self-powered alarm system will set off an alarm when vehicle tampering has been detected
 - Helps deter potential break-in or theft
- Theft-deterrent unauthorized entry system
 - Sounds the horn and flashes the turn signals when someone attempts to open the vehicle without the proper key or remote transmitter
 - Helps deter unauthorized entry, helping to protect your vehicle
 - Engine immobilizer
- Inclination sensor
 - Detects vertical motion of your vehicle and triggers an alarm response if your vehicle or wheels are lifted with a tow truck or a vehicle jack
- Interior movement sensor
 - As part of the security system, monitors interior movement in the vehicle interior
 - Activates the alarm when it senses unauthorized entry or movement
- Glass breakage sensor

- Activates the alarm when the sensor detects unauthorized tampering of the rear vehicle glass
 - Wireless Phone Charging
 - Uses induction technology for portable electronic devices¹
- ¹ The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adaptor/back cover. To check for phone or other device compatibility, see my.cadillac.com/learnAbout/wireless-charging (<http://my.cadillac.com/learnAbout/wireless-charging>) or consult your carrier.
- 110-volt power outlet
 - 3-prong auxiliary household-style outlet
 - Located in the front console and rear cargo area
 - 12-volt auxiliary front power outlet
 - Located in front center console storage compartment
 - Tri-zone automatic climate control
 - Automatically maintains the selected temperatures for the driver, front passenger and rear seat passengers
 - Rear air conditioning
 - Rear window defogger
 - Helps to keep your rear view clear of fog or frost
 - Utilizes a warming grid to help remove fog or frost from the rear window
 - Cabin air filter
 - Helps keep your cabin air fresh from pollutant, odor and fine dust
 - Platinum interior trim
 - Leather-wrapped instrument panel, console and upper door
 - Sueded microfiber headliner and pillars
 - Rear Camera Mirror with washer
 - Uses a camera to provide you a wide and less obstructed view behind the vehicle while you're driving¹
 - You can switch between the camera view and a traditional rear-view mirror
 - Allows brightness, zoom and vertical tilt adjustment
 - The washer routes washer fluid to the rear camera lens to help keep it clean and can spray on command
- ¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- Console, overhead
 - Ambient interior lighting

- Selectable for instrument panel, doors, footwell, map pocket and front door pull cups

EXTERIOR

- 22" 10-Spoke alloy wheels, Polished with Dark Android finish and laser etching
 - Paired with 22" all-season tires
- Wheel locks
 - Helps safeguard wheels on the vehicle
 - Includes 4 locks and 1 key
- 22" all-season tires
- 17" all-season spare tire
- Spare tire lock
 - Mounts and locks the spare tire under your vehicle
- Panoramic power sunroof
 - Tilt, slide, express-open/close and sun shade control
- Chrome roof rails
- Black assist steps
 - Textured step pads help provide secure footing
 - Extend from wheel well to wheel well
- Galvano Chrome bodyside moldings
- Upper active aero shutters
 - Shutters automatically close at high speeds to help enhance aerodynamics
 - Shutters reopen at lower speeds or when needed to help cool the engine compartment
- Automatic headlamp leveling
 - Automatically adjusts headlamp levels according to loading conditions of the vehicle
- Automatic on/off headlamps
 - Setting the control to "Auto" turns on the headlamps to normal low-beam brightness when sensors detect a certain level of darkness, along with the taillamps, license plate lamp and other exterior lights
 - Headlamps will turn off automatically, after a set amount of time, to help save battery life
- LED headlamps
 - Automatic leveling system
 - Provide a bright, intense beam of light to illuminate the road ahead
- IntelliBeam auto high beams
 - Can automatically turn the vehicle's high-beam headlamps on and off according to surrounding traffic conditions
- Puddle lamp with Cadillac crest
 - Illuminates the ground with the Cadillac Crest upon approach and exit of the vehicle under driver and front passenger outside mirror

- LED tail lamps
 - Feature a distinctive light blade design
 - Tall, thin vertical LED lamps extend toward the roofline
- Body-color heated, driver-side auto-dimming power-folding outside mirrors with integrated turn signal indicators
 - Heated feature helps clear away ice and fog
 - Power adjustments allow you to move both side mirrors with the touch of a button
 - The auto-dimming feature automatically adjusts the outside mirror when it senses bright light from behind
 - Integrated turn signal indicators help communicate your intention to change lanes
 - Ground illumination to help illuminate the area near the door
- Acoustic laminated glass
 - Helps keep out traffic and road noises
 - Dampens sounds from the outside to help give you a quiet ride
- Deep-tinted glass
 - Provides added protection from sun and glare
 - Tint on rear side windows and rear liftgate window
- Solar-absorbing glass
 - Helps minimize the effects of solar rays entering the cabin
 - Assists in maintaining a more comfortable interior temperature
- Rainsense automatic wipers
 - When turned on, will automatically clear the windshield when sensors detect varying degrees of precipitation on the windshield
 - The intermittent feature adjusts the speed of the wipers to help keep the windshield clear in a variety of conditions
- Rear intermittent wiper
 - Variable-speed
 - Keeps your rear window clear to help enhance visibility
- Rear Camera Mirror Washer
 - The washer routes washer fluid to the rear camera lens and can spray on command
 - Fluid washes over the rear camera lens to help to remove mud, dust, snow, ice and moisture
- Body-color door handles with chrome strip
 - Includes Keyless Open access from driver and passenger side doors
- Illuminating door handles
 - Door handle features a subtle LED accent light that illuminates for a distinctive, sophisticated appearance
- Hands-Free Power Liftgate

- Allows you to open and close the liftgate by simply kicking your foot beneath the center of the bumper
- Memory height function allows you to program how high the gate opens to suit you

SAFETY

- Brake Assist designed to assist the driver in stopping or decreasing vehicle speed
- Enhanced Automatic Emergency Braking
 - Works with Forward Collision Alert to help you avoid a front-end collision with a detected vehicle you're following¹
 - Radar and camera technology are used to automatically provide hard emergency braking or enhance the driver's hard braking
 - This feature works at speeds above 2 mph

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- Reverse Automatic Braking
 - Can help avoid or reduce the severity of backing collisions with certain objects it detects directly behind you when you're in Reverse¹
 - It provides alerts and can even automatically provide hard emergency braking if you have not already begun hard braking

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- Front Pedestrian Braking
 - Can help you avoid or reduce the severity of a front-end collision with a pedestrian it detects directly ahead of you¹
 - It provides pedestrian alerts and can even automatically provide hard emergency braking or enhance the driver's hard braking
 - The system works at speeds below 50 mph during the daytime
 - It has limited nighttime and low visibility performance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- StabiliTrak, electronic stability control system with traction control
 - Automatically helps enhance control, particularly during emergency maneuvers, by adjusting the brakes and propulsion torque to help you stay on your intended path

- With Rollover Mitigation
 - 7 Airbags
 - Frontal airbags for driver and front outboard passenger¹
 - Front outboard Passenger Sensing System for frontal outboard passenger airbag ¹
 - Seat-mounted side-impact airbags for driver and front outboard passenger¹
 - Driver inboard seat-mounted side-impact airbag¹
 - Head-curtain airbags for all rows in outboard seating positions¹
- ¹ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.
- Front outboard Passenger Sensing System for frontal outboard passenger airbag (Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.)
 - OnStar[®] & Cadillac Connected Services capable
 - Terms and limitations apply. See onstar.com (<http://onstar.com>) or dealer for details.
 - Cadillac Connected Access capable
 - Subject to terms. See onstar.com (<http://onstar.com>) or dealer for details.
 - Enhanced Automatic Parking Assist
 - Can search for a parallel or perpendicular parking space, then steer and brake your vehicle into that space while shifting gears as needed¹
 - It can also help you unpark your vehicle after parallel parking
 - While the feature parks or unparks, you need to remain in your vehicle and be prepared to override and take control
- ¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- HD Surround Vision
 - Uses multiple cameras to display a digital overhead image of the area around your vehicle along with Rear Vision Camera or front views¹
 - Front and rear dynamic guidelines laid over the display image assist in parking maneuvers by showing the vehicle's path
 - It works at low speeds and may help you park and avoid nearby objects.
 - You can select additional views on your camera display
- ¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.
- Trailer Side Blind Zone Alert

- Trailer Side Blind Zone Alert is a trailering feature that can provide side-mirror alerts when a moving vehicle is detected in a side blind zone that is extended to trailer lengths¹
- It can help you avoid lane change collisions
- May require additional optional equipment

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- **Rear Cross Traffic Alert**

- Can warn you of detected left or right cross traffic behind your vehicle when you're in Reverse¹

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- **Rear Pedestrian Alert**

- Can help alert you to detected pedestrians directly behind your vehicle so you can quickly take action¹
- The system works when you're in Reverse during the daytime
- It has limited nighttime and low visibility performance

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- **Lane Keep Assist with Lane Departure Warning**

- Uses a brief, gentle steering wheel turn to alert you when you may be unintentionally drifting out of detected lane lines, so you can steer to stay safely in your lane¹
- If needed, you may receive additional Lane Departure Warning alerts
- System alerts do not occur if you're using your turn signal or it detects you may be intentionally leaving your lane

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- **Forward Collision Alert**

- Can warn you if it detects a potential front-end collision with a vehicle you're following so you can quickly take action¹

— It can also provide a tailgating alert if you're following a vehicle much too closely

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- Automatic Seat Belt Tightening

- Automatically activates during emergency braking and/or sudden driving maneuvers
- Releases when driving conditions return to normal

- Safety Alert Seat

- Uses left, right, or both-side seat vibration pulses to help you identify the direction of potential crashes so you can quickly take action¹
- You can also switch to beeping crash avoidance alerts

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

- Seat belt indicator, 2nd row

- Seat belt indicator, 3rd row

- Seat belts, all seating positions

- Driver and front passenger with pretensioners

- Buckle to Drive

- Prevents the vehicle from being shifted out of Park until the driver seat belt is fastened
- Encourages seat belt use
- Times out after 20 seconds and can be turned on/off in Settings or Teen Driver menu

- Rear child security door locks

- When activated, prevents passengers from opening the rear doors from inside the vehicle
- Allow rear doors to open from outside of the vehicle only

- Teen Driver

- This configurable feature lets you activate customizable vehicle settings associated with a key fob to help encourage better driving behavior
- It can limit certain vehicle features, and automatically turns on certain safety systems if vehicle is equipped
- An in-vehicle report card gives you information on driving habits and helps you to continue to coach your new driver

- Tire Fill Alert

- Provides visual and audible alerts outside the vehicle when inflating an under inflated tire to the recommended tire pressure¹

— Requires vehicle to be started and driver door closed

¹ Does not monitor spare tire.

- Tire Pressure Monitoring System

— Monitors the pressure in each tire and alerts you if there is a low-pressure condition in one or more of the tires¹

— Includes Tire Fill Alert¹

¹ Does not monitor spare tire.
